EDUCATION

B.Tech in Computer Engineering, Bharati Vidyapeeth (DU) College of Engineering Pune Expected June 2027

Relevant Courses: Data Structures & Algorithms, Operating Systems, Computer Networks, Database Management Systems, Software Engineering

CGPA: 9.72

WORK EXPERIENCE

Android Developer Intern

Feb 2025 – May 2025

Academix Store

Remote

- Developed and optimized Android applications following industry best practices.
- Collaborated with experienced developers to improve app performance and user experience.

TECHNICAL SKILLS

Programming Languages	Java, Kotlin, Python, C, C++
Mobile Development	Android (Jetpack, XML, Firebase, Appwrite), MVVM Architecture
Frameworks	Spring Boot, RESTful APIs
Tools	Android Studio, IntelliJ IDEA, VS Code, PyCharm, Jupyter, Git, GitHub
Databases	MySQL, Firebase, Appwrite
Practices	Agile Methodologies, CI/CD, Application Resiliency, Security Best Practices

PROJECTS

Mess Management System [\[GitHub\]](#)

Technologies: Java, SpringBoot, Restful APIs, MySQL, HTML, CSS, JavaScript, React, Kotlin, XML

- Developed a mobile app for users and a website for mess management using MySQL as the database.
- Allows students to check meal plans, register complaints, and track expenses.

Mentor-Mentee App (College Academic Project): [\[Kotlin, XML, Appwrite\]](#) [\[GitHub\]](#)

- Created a two-part application: Mentor App (for faculty to track student progress) and Mentee App (for students to view academic records and communicate with mentors).
- Integrated real-time chat, semester-wise result tracking, and mentor-mentee mapping.

Q&A Expert System (Android App for Doubt Resolution): [\[Kotlin, XML, Firebase\]](#) [\[GitHub\]](#)

- Built an app where students can ask domain-specific questions and get answers from verified experts.
- Features real-time notifications, question filtering, and expert ranking.

Bank Management System: [C++ and wxWidgets GUI-Based App] [\[GitHub\]](#)

- Designed a desktop application with functionalities like account creation, deposits, withdrawals, and transaction tracking.
- Implemented file handling for data storage instead of traditional databases.

CERTIFICATIONS

Data Structure & Algorithm using Java by NPTEL
